- Aurora 1030W TOC Analyzer + 1088 Autosampler + ATOC Software

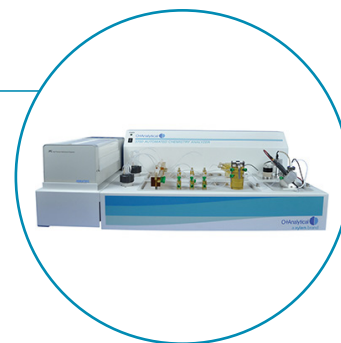

Monitor TOC levels for numerous applications with the heated persulfate or high temperature combustion techniques. Ask our team for details before this offer expires!

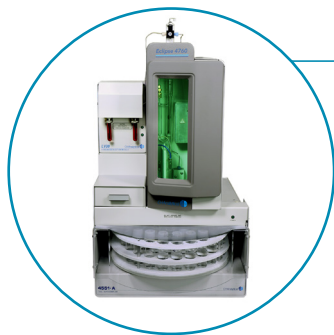

FREE AUTOSAMPLER & INSTALL

Buy an FS3700 Automated Chemistry Analyzer and receive a FREE autosampler and installation!

- Valid on both single and double-channel units
- Excludes Phenol cartridges

The FS3700 accurately analyzes a number of analytes. Its plug-and-play system allows interchangeable cartridges to be used for extremely flexible analysis.

SAVE ON PURGE & TRAP PACKAGES

Receive **20% off** our Purge & Trap Package:

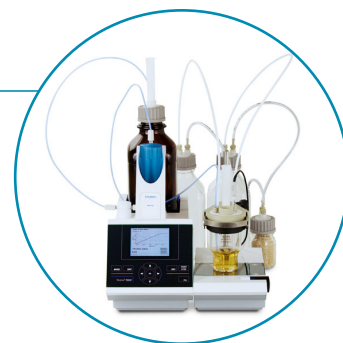

- Eclipse 4760 Purge & Trap + 4551A Autosampler + LV20 Standards Addition Module

Improve VOC analysis and gain a powerful productivity boost with the Eclipse 4760 Purge and Trap Sample Concentrator paired with the 4551A Autosampler and LV20 Standards Addition Module.

FREE TITRATION SOFTWARE

Buy any TL 7000 series titrator and get the powerful **TitriSoft** software package as a bonus!

Increase accuracy and lab efficiency by automating your titrations. Adding TitriSoft software further enhances your analysis capabilities.

TAX TIP:

Did you know that Section 179 of the IRS tax code allows businesses to deduct the full purchase price of qualifying equipment and/or software purchased during the tax year? Consult with your tax advisor to see what tax deductions may be available for your lab instrument investment!

*Offers expire December 21, 2018 and are only valid in the USA and Canada. Contact your OI Analytical/Xylem representative for full details and quotes, or email your inquiries to xylem-lab@xylem.com.
